

Success Story

From a Tent to a Classroom: Al-Zubairi School Opens Doors of Hope for the Children of Al-Suwaida Camp – Marib

In Al-Suwaida camp in Marib Governorate, hundreds of children were learning inside temporary tents, in harsh conditions of extreme heat and sandstorms.

In response, the Coalition of Relief and Building (CRB), with support from the Türkiye Diyanet Foundation, built the Al-Zubairi Model School inside the camp: 12 classrooms equipped with basic facilities, providing a safe learning environment that preserves children's dignity.

> **"We used to study inside tents, but today we have real classrooms, chairs and blackboards... I feel I can focus and dream of a better future."**

> **"I won't miss school, and I will achieve my dream of becoming a doctor."**

School bag distribution

Emergency Education Projects

Keeping learning going in difficult conditions

CRB helped improve education in the hardest-hit areas by setting up alternative and temporary classrooms to meet the learning needs of affected children, and by providing school bags and essential learning materials to ensure that schooling continues.

10-Year Harvest

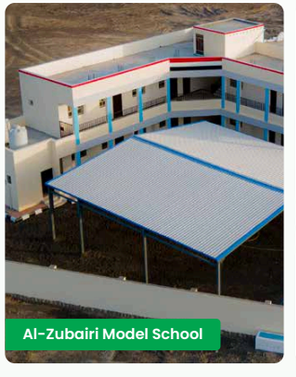

Sustainable Education Projects

A suitable and lasting school environment

CRB built and rehabilitated schools and equipped them with furniture and learning supplies, improving the quality of education and providing a suitable, sustainable school environment for children in many target areas.
